

Instructions for the teacher

Divide the class into teams of 2 or 3 students. Give each group a marker and a whiteboard or pieces of paper to draw on. Ask them to keep track of their points as they play.

Instructions for the students

In turn, one student from each group rolls a dice. If they get a:

 1 = pink word

 3 = green word

 2 = blue word

 4 = orange word

5 = everybody plays, and rolls the dice again to pick a colour

6 = everybody plays, and rolls the dice again to pick a colour

Then, the student draws a card from the pile of cards and looks at the colour word according to the number he/she got.

Playing and keeping the score

The teacher sets a timer for 1 minute, during which the designated student (or students, if everybody plays) draws the concept word. If his/her team guesses the word correctly they are awarded a point.
